HEADLINE: Zebra Technologies selects AST Corporation for Oracle E-Business/CRM implementation.

Naperville, IL – AST Corporation is pleased to announce that it has been awarded an implementation contract from the Zebra Technologies Corporation, a global leader in specialty printing. AST is providing consulting services for Zebra Technologies Corporation's Oracle E-Business/CRM project in partnership with Zebra's internal team and business users. Together, AST and Zebra have formed a single project team focused on delivering the highest quality solution to Zebra's business.

To date, Zebra has 'Gone Live' with the Sales module for the North American Telesales user community. Going forward, global rollout of the CRM Sales and Marketing modules is planned for July 2006.

With this agreement, Zebra has consolidated their Oracle E-Business applications consulting to a single source. AST is also providing consulting services for the ongoing Oracle Depot Repair implementation project.

About AST Corporation

Established in 1995, Applications Software Technology (AST) Corporation is an Oracle Certified Advantage Partner, an Oracle University training and delivery partner, and a certified Oracle On-Demand implementation provider. AST offers professional consulting services to Oracle Applications users and serves industry-leading organizations in manufacturing, transportation, insurance, retailing, telecommunications and the public sector. Clients look to AST Corporation for assistance in business process redesign, project management, systems integration, systems administration and training.
