AST Heads North of the Border

City of Regina, Saskatchewan, Canada Awards Its HRMS Pre-Implementation Project

Naperville, IL February 11, 2013 AST Corporation has been selected to be a part of the City of Regina’s major business transformation effort to become “the best run municipality in Canada”. As a partner to the City in its Human Resources Information Management Transformation initiative of its overall Business Transformation Program, AST will assist the City with pre-implementation planning and scoping for its HRMS Project.

AST will partner with the City’s Human Resources personnel to develop and finalize the plan and resources necessary to implement a new HRMS system which will integrate with the City’s Oracle E-Business Suite R12 platform, and position the City to implement future HR best practices and modules. The City provides HR and Payroll services to approximately 2,600 employees within five collective bargaining units.

As an Oracle Platinum Partner recognized as Oracle Specialized in E-Business Suite Human Resources Management, AST is the “go-to” partner for Oracle Applications implementations in the Public Sector. With highly-skilled Oracle HRMS consultants and extensive experience implementing the entire collection of Oracle HRMS applications including core HR, Payroll, and Oracle Time and Labor, AST provides the City of Regina with an exceptional E-Business Suite partner.

AST is proud to also announce that the City of Regina project is its first win in Canada and anywhere outside the lower 48 states.

About the City of Regina

The City of Regina is the capital city of the Canadian province of Saskatchewan. The “Queen City” is the second-largest city in the province, with a population of over 187,000 and a cultural and commercial center for southern Saskatchewan.
