Lake County, IL Awards AST Implementation Services for Oracle BI Applications and Analytics, Enterprise Asset Management and Hyperion

October 2, 2013 – Naperville, IL – Lake County, Illinois has awarded a 2-year contract to AST Corporation for the organization-wide implementation of Oracle Business Intelligence (BI) Applications and Analytics, Enterprise Asset Management (eAM), and Hyperion Public Sector Planning, Budgeting and Forecasting.

AST has proven to be a leader in providing best-in-class Oracle BI, eAM and Hyperion technology solutions for the public sector, having been recognized as an Oracle Pillar Partner for both BI and Hyperion, and one of only a handful of partners recognized as such for these product areas. Additionally, AST is recognized by Oracle as a Specialized Partner for BI Applications, BI Foundation, and Hyperion Planning.

About Lake County, Illinois

Lake County is an Oracle E-Business Suite customer, located in northeastern Illinois, midway between Chicago, Illinois and Milwaukee, Wisconsin. Lake County is the state's third largest county and one of the fastest-growing counties in Illinois and the nation. With a population of over 703,000 and an operating budget of over $328 million, the county's communities include picturesque rural areas, highly developed urban centers, and tourist communities.

About AST Corporation
