City of Burbank, CA Contracts with AST for Hyperion Public Sector Planning & Budgeting Implementation

Naperville, IL September 8, 2014: Having long relied on manual collaboration and an extensive use of spreadsheets with limited integration points to facilitate its annual budget planning, forecasting and tracking functions, the City of Burbank and Burbank Water & Power (BWP) will implement Hyperion Public Sector Planning & Budgeting to streamline business processes and improve the overall efficiency of budget development processes.

For the project, the City and BWP again looked to AST Corporation for its expertise, as they have for past Oracle Applications implementation and upgrade projects. Hyperion provides the City and BWP with functionalities and improvements in the following, among other benefits:

- Operating budget including personnel budget
- Capital and position budgeting
- Forecasting
- Support for FERC/NARUC reporting
- Integration with Oracle General Ledger, Projects and HRMS

AST Corporation is a Platinum level member of Oracle PartnerNetwork.

About the City of Burbank

The City of Burbank, California is home to over 102,000 residents. The City is located in the eastern part of the San Fernando Valley, in Los Angeles County, 12 miles from the downtown area of the City of Los Angeles. The City has over 1,500 permanent employees. Throughout its 100 year history, Burbank has embodied a forward-thinking city that provides a high quality of life and strong sense of community to its residents. In keeping with this tradition, the City will continue to combine 21st century technology with the same small town feel that will make Burbank an ideal place to live, work and play for years to come.

About Oracle PartnerNetwork

Oracle PartnerNetwork (OPN) Specialized is the latest version of Oracle's partner program that provides partners with tools to better develop, sell and implement Oracle solutions. OPN Specialized offers resources to train and support specialized knowledge of Oracle products and solutions and has evolved to recognize Oracle's growing product portfolio, partner base and business opportunity. Key to the latest enhancements to OPN is the ability for partners to differentiate through Specializations. Specializations are achieved through competency development, business results, expertise and proven success. To find out more visit <http://www.oracle.com/partners>.
