AST LLC Joins the MuleSoft Partner Program

AST LLC to provide consulting services for MuleSoft's Anypoint Platform to support connecting applications and data in the cloud and on-premises

Naperville, IL August 1, 2018: AST LLC today announced its partnership with MuleSoft to provide consulting services for MuleSoft's Anypoint Platform™. Anypoint Platform unlocks the power of API-led connectivity, enabling organizations to connect apps, data, and devices more rapidly and efficiently.

MuleSoft provides a leading platform for building [application networks](#). Through their partnership, AST and MuleSoft combine AST's implementation expertise and industry knowledge with MuleSoft's innovative technology to provide clients the support and tools they need to harness their rapidly growing number of apps and data sources. With Anypoint Platform, organizations can unlock new revenue channels, improve customer experiences, and drive innovation.

AST LLC is a leading systems integrator with more than 23 years of business transformation experience across 12 key industry verticals, including Public Sector, Manufacturing, Retail, and Media. With more than 400 cloud-certified employees, and expertise in both domestic and global implementations, AST now adds what it seen as one of the world's most sought-after connectivity platforms to support customers' dynamic needs for agile cloud, on-premises, and hybrid integrations.

"MuleSoft is the leader in providing cutting-edge innovation for digital business," said Shyam Kumar, Vice President of Cloud Platform and Security Services, AST. "With MuleSoft's CloudHub, we can offer the benefits of cloud-based integration with the best of both implementation and managed services to our customers."

Dan DiMarco, Director of MuleSoft Services, AST, commented, "We are extremely proud of our partnership with MuleSoft and with over 300 cloud deployments, AST is well-positioned to help drive the industry's digital business transformation for the next generation."

"With the explosion of disparate technologies today, connecting them all quickly and efficiently is the key to gaining a competitive edge. Through its partnership with MuleSoft, AST LLC is enabling its customers to create a dynamic application network to achieve their goals and accelerate their pace of business," said Brent Hayward, Senior Vice President of Global Channels and Alliances, Mulesoft. "We're pleased to welcome AST LLC into MuleSoft's partner ecosystem and we look forward to working together to deliver significant business impact to our mutual customers."

About Anypoint Platform™

MuleSoft's Anypoint Platform™ is a leading application network platform. It allows organizations to create composite applications that connect apps, data, and devices through API-led connectivity to form a flexible application network. Anypoint Platform is a unified, single solution for iPaaS, ESB, and full lifecycle API management, both on-premises and in the cloud.

About Applications Software Technology (AST) LLC

AST is an award-winning, full-service enterprise systems integrator, serving clients in the Public and Commercial Sectors for more than two decades. Clients look to AST for leadership and assistance in systems integration, business process redesign, project management, systems administration, and training. From on-premises applications to modern cloud technology, AST's services encompass all aspects of Enterprise Resource Planning, Business Intelligence, Enterprise Performance Management, Customer Experience, and Middleware. AST also offers flexible Managed Services, supporting the needs of over 200 customers around the globe.
